Published quarterly by the Institute of Mathematical Statistics in March, June, September and December at Baltimore, Maryland.

INSTITUTE OF MATHEMATICAL STATISTICS

General Office: Department of Mathematics, Michigan State College, East Lansing, Michigan
K. J. Arnold, Secretary-Treasurer
This address should be used for all communications concerning membership, subscriptions, changes of address, back numbers, etc., but *not* for editorial correspondence. Changes in mailing address which are to become effective for a given issue should be reported to the Secretary on or before the 15th of the month preceding the month of that issue.

Editorial Office: Statistical Laboratory, University of California, Berkeley 4, California
E. L. Lehmann, Editor
Manuscripts should be submitted to this address; each manuscript should be typewritten, double-spaced with wide margins and the original copy should be submitted (preferably with one additional copy). Dittoed and mimeograped papers are acceptable if they are completely legible and printed on paper that will take corrections. Footnotes should be reduced to a minimum and whenever possible replaced by a bibliography at the end of the paper; formulae in footnotes should be avoided. Figures, charts, and diagrams should be professionally drawn on plain white paper or tracing cloth in black India ink twice the size they are to be printed. Authors are requested to keep in mind typographical difficulties of complicated mathematical formulae. Authors will ordinarily receive only galley proofs. Fifty reprints without covers will be furnished free. Additional reprints and covers furnished at cost.

Subscription Price: $12 per year in the U. S. and Canada; $10 elsewhere. Single issues $3.50. Back numbers are available at $12 per volume or $3.50 per issue. Dues for members outside the United States and Canada will be $5.00 in 1954.

COMPOSED AND PRINTED AT THE
WAVERLY PRESS, INC., BALTIMORE, MARYLAND, U. S. A.

Entered as second-class matter at the Post Office at Baltimore, Maryland, under the act of March 3, 1879

Copyright, 1953, by the Institute of Mathematical Statistics.
